

IT'S ABOUT FINDING WINGS TO SOAR!

SHARING

LEARNING

LAUGHING

GROWING

Wings2Soar is a program designed to give young people the special support they need in dealing with the death of a loved one. Experiencing such a loss can be especially difficult for children and teens when they don't understand death or how to cope with their feelings of grief.

Our goal is to assist them by providing resources to help them through the grieving process. By allowing them to unite with others who have experienced a loss, we encourage them to share in their experiences to find strength for life's journey, and we teach them that grief is not about forgetting, but about remembering with less pain.

The setting for Wings2Soar is that of a camp, in order to provide a fun atmosphere with lots of laughter and enjoyment – because these are such important elements that aid in the healing process. And all our activities are designed and led by trained Hospice professionals and volunteers who are experienced in working with grieving children and teens.

If you know of a child age 6-16, who has experienced the death of a loved one more than 3 months prior to camp please call Shea Collins at 704-935-9434 or E-mail us at: info@hpsccc.org.
